Time:

I, _____, understand that the demonstration in which I am about to participate is for demonstration purposes only and is *not* part of a test for either the Independent Investigations Group (IIG) \$50,000 Challenge, or the James Randi Educational Foundation (JREF) \$1 Million Challenge.

If this demonstration shows that my claim may be objectively testable, the IIG will design a formal test that will clearly define what must occur to win the \$50,000 prize, in accordance with the rules stated on the IIG Challenge Application. If I meet those requirements, the IIG will inform JREF that a preliminary test has been passed, and that JREF may want to consider testing me for their \$1 Million Challenge.

I agree that all data (photographic, recorded, streamed, written, etc.) gathered as a result of the demonstration may be used in perpetuity by the IIG in any way they choose.
